DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 & 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Zearfoss (US Patent No. 2,871,680). Zearfoss discloses a refrigerating apparatus comprising: an accumulator receiver (5), a condenser (2), a capillary tube (3) situated between said accumulator receiver & condenser and in thermal contact with a suction line (see figure 1) and an evaporator (8) with a restrictor/capillary tube (6) located upstream and downstream of accumulator receiver.
